

The Dr. William J. D. Arnold Award

The Spina Bifida and Hydrocephalus Association of British Columbia

The Spina Bifida and Hydrocephalus Association of British Columbia wishes to establish the Dr. William J. D. Arnold Award to honour his many years of committed care of individuals with spina bifida and/or hydrocephalus and their families.

Dr. Arnold's special interest in children with spinal cord defects led him to establish the Spina Bifida Clinic at BC Children's Hospital in 1969. He fostered a positive and inclusive work environment, leading the team in its dedicated service to patient care.

The many families who were recipients of Dr. Arnold's care remember him fondly.

The purpose of the Dr. William J. D. Arnold Award will include financial support in the following area:

Bursaries for people with Spina Bifida and/or Hydrocephalus who wish to continue on to post secondary education.

The Board Members of the Spina Bifida and Hydrocephalus Association of British Columbia will accept applications to the fund and will distribute monetary awards according to the above purposes and the funds available.

The Spina Bifida and Hydrocephalus Association of British Columbia will accept donations to the fund and provide donors with tax receipts in accordance with CRA guidelines.
